REMEMBRANCE DAY COLOUR PARTY - RCMP Sgt. Barry Larocque, MWO Michael Bevington of 4-Wing, Cold Lake, and RCMP Cst. Deroche lead the way to Elk Point's cenotaph for the wreath laying ceremony.

Elk Point pays tribute to Armed Forces

VICKI BROOKER
Review Staff

Elk Point and district paid tribute to Canada's Armed Forces, past and present, on a cloudy and cool Remembrance Day, with a sizeable crowd on hand for the placing of wreaths and the indoor program that followed.

Recreation Director Jena Colbourne served as mistress of ceremonies for the program, with her daughter Heather leading the singing of O Canada before RCMP officers placed the colours at Elk Point's cenotaph. Representatives of the federal and provincial governments, St. Paul Branch of the Royal Canadian Legion, Canadian Forces 4-Wing, Cold Lake, the County of St. Paul and Town of Elk Point councils placed wreaths, along with representatives of the RCMP, volunteer Fire Department, EMS, St. Paul Regional School Division, and a number of local organizations and businesses.

Shortly before 11 a.m., the crowd moved into the Seniors' Recreation Centre, where Colbourne reminded them of the importance of "knowing we come from to know where we are going. On the 11th hour of the 11th day of the 11th month, we shall remember." This set the scene for the playing of the Last Post, the two minutes of silent remembrance and Reveille, before Colbourne recited the Act of Remembrance.

Wyatt Pavoll recited 'In Flanders Fields', followed by Paige Skarsen with 'We Shall Keep the Faith,' before Brooke Yaremchuk saluted the military with her rendition of the Dixie Chicks' song, "Traveling Soldier".

Neither MP Shannon Stubbs nor MLA David Hanson was able to be in attendance.

(Continued on Page 8)

Elementary students learn why we must remember

VICKI BROOKER
Review Staff

The students and staff of Elk Point Elementary School paid tribute on Nov. 10 to all those who served Canada in two World Wars, the Korean War, and in the conflicts and peacekeeping missions since that time and still taking place today.

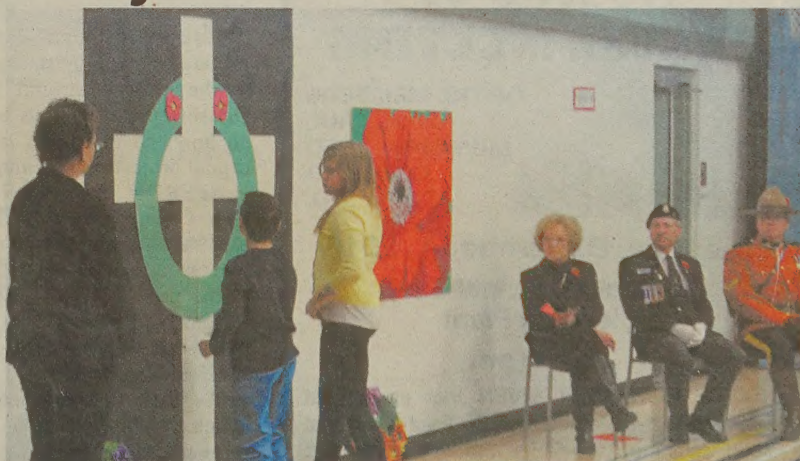

Two RCMP officers, a representative of St. Paul Branch, Royal Canadian Legion and Town Coun. Bernice Capjack were welcomed to the special assembly and introduced to the crowd by Grade 5A and PE teacher Christie Roche, who served as mistress of ceremonies.

The program began with an inspiring video presentation entitled 'Soldier,' by

Shawn Hlookoff, before students Piper Babcock, Carson Mackenzie and Sydnee Crawford explained the significance of three vital parts of all Remembrance Day observances, The Last Post, the two minutes of silence and Reveille, to their schoolmates, before all stood to honour those timeless traditions.

A video accompanied "Remembrance Day, The Song" by Bryan Adams before RCMP Sgt. Barry Laroche and Cst. Deroche came forward to place a wreath, followed by Legion member Roger Freeman and Coun. Capjack. A wreath adorning a wall-hung cross was soon covered with poppies, as two students from each class marched forward, placed their tributes, stood in silent tribute and marched back to their seats.

(Continued on Page 9)

POPPIES FROM THEIR CLASS - were placed by the first pair of Elk Point Elementary students under the watchful eye of ECS teacher Debbie Wood.

County has concerns about high load corridor

JANICE HUSER
Review Contributor

County of St. Paul council members voiced a number of concerns at last week's regular meeting in response to hearing that the province is converting Highway 28 into a high load corridor.

The county first received a letter from Bonnyville-Cold Lake MLA Scott Cyr asking the municipality to support the change, but the item was tabled at the Sept. 29 Public Works meeting. The section of highway brought up in the letter was from the junction of Highway 36 at Ashmont, to Highway 41 at Hoselaw.

The changes to make the stretch into a high load corridor are already taking place, heard council on Tuesday. But, councillors voiced concerns over the steep ditches, lack of passing lanes, and other safety issues, when discussing the matter.

"It's going to take a lot of work," said Coun. Frank Sloan, who also lives along the stretch of highway that is affected. "It's so narrow."

"There's a lot of issues," agreed Reeve Steve Upham, noting that a fatal accident occurred on the highway just a few days prior. Council agreed to bring the matter forward at a meeting it will be having with Alberta Transportation, along with discussing the issue with the M.D. of Bonnyville.

Lottie Lake Recreation

A resident in Lottie Lake is hoping to offer children and families a place to skate and play over the winter months with the construction of an outdoor skating rink.

But, to make the idea a reality, support from the County of St. Paul would be needed. A resident sent an email to the county asking for support in building an outdoor skating rink, to be located near the Lottie Lake playground, on municipal reserve land.

M.D. of St. Paul Foundation

EMPLOYMENT OPPORTUNITY

Heritage Lodge – Elk Point

ACTIVITY CO-ORDINATOR

32 hours/week

Please submit resumes by Nov. 20, 2015 to:

LORIS KOZINA

Box 780, Elk Point, AB T0A 1A0

Fax: 780.724.3102 or Ph: 780.724.4449

Only those candidates selected to be interviewed will be contacted.

The resident envisions the skating rink would help develop the community, and offer families a fun outdoor activity during the winter months, heard council.

"We need to be mindful that Lottie Lake is a hamlet," said division Coun. Maxine Fodness, as she spoke in support of the idea. "It's not an expensive project." She added that she was in favour of supporting the outdoor rink, but wasn't saying the county should build the structure.

Assistant CAO Tim Mahdiuk brought up concerns of insurance, saying someone has to take ownership of the rink and proper liability and coverage is needed. There also has to be signage installed and the rink has to be maintained.

The request was tabled while more information on the project is gathered. After the meeting, Kitz said the county would likely be encouraging residents in Lottie Lake to form a registered society, which would make the group eligible for a grant to help cover insurance costs. A similar set-up exists at Lac Santé.

Earlier in the meeting during an In Camera session, council discussed the construction of a building for the Lottie Lake Association, to keep items that used to be stored on a lot that was sold by the county in 2013. A letter will be sent to the group stating \$5,000 has been set aside in the budget for a new storage building.

Waterline issues

The county will be adding another item to the list of issues regarding the waterline from St. Paul's water treatment plant to the Town of Elk Point.

County ratepayer, and county councillor, Dwight Dach, approached council as a resident to speak about the fact that his waterline connection was put in the wrong place, and he was required to hire a contractor to fix the mistake.

CAO Sheila Kitz said it was either an engineering or construction problem, and the contractor had to actually cut into the waterline to fix it.

"The connection was put on the wrong side of the trail," said Kitz. She recommended that invoices for the work be forwarded to the water commission.

It's just "one of several issues," that have come up along the relatively new line, said Coun. Cliff Martin, adding, "Disappointment's not even the word. Total frustration."

A water commission meeting will be held in December. Dach left the room when the motion to refer the item to the commission was passed.

Borrowing Bylaw

Council passed first reading of a borrowing bylaw in the amount of nearly \$1 million, for the construc-

tion of the waterline from Spedden to Ashmont/Lottie Lake.

About \$8 million was recently approved for the project by the province. The waterlines are expected to be in the ground for 40 to 50 years, and the debt incurred by the county will be covered through water rates, as per the county's policy.

The line is expected to be installed over the summer of 2016.

Riverland

The Riverland Recreational Trail Society stopped at council chambers for a delegation on Tuesday morning. Marvin Bjornstad offered background on the society, and the work that's been done on the Iron Horse Trail over the past couple years.

Coun. Glen Ockerman acknowledged how he's noticed the trail is growing in popularity and attracting large groups to the area. He also asked about any progress being made to get people to pay into the trail.

Although a volunteer pass was offered one year, it didn't bring in much income, heard council. Reeve Steve Upham recommended possibly setting up a trail patron society to collect larger donations from users, and help create sustainability.

A new funding request was put before council, but was referred to the county's upcoming budget meeting. A three-year term of \$6,720 annually is coming to a close in December of this year.

Scholarships

The county is upping the scholarships it offers through St. Paul Education Regional Division. The county will now offer a total of four \$1,000 scholarships, rather than two scholarships.

Two will be for students entering trades, while the other two will be for students entering full-time post-secondary studies. The agreement is being done on a five-year term.

Sedor Road

A request to name Township Road 572 between Highway 881 South and Range Road 91 Sedor Road was approved. Allan Sedor made the request and obtained signatures from property owners in the area. Sedor is responsible for the full cost of signs.

FCSS conference

Dach requested permission to attend the FCSS conference in Edmonton, which runs from Nov. 25 to 27. The councillor no longer sits on the FCSS board and therefore the request falls outside of the county's policy.

Council defeated a motion that would have allowed any councillors interested to attend the conference.

SPERD making progress on two major capital projects

QUINTON AMUNDSON

Review Contributor

One of the highlights of last Tuesday's board of trustee meeting for the St. Paul Education Regional Division (SPERD) was an update on how the division's two major capital projects are coming along.

SPERD's Secretary/Treasurer, Jean Champagne, told the board members that the foundation remediation process is still ongoing at the new Two Hills Mennonite School, and construction is moving ahead with roof trusses being installed.

As for the new Ashmont School, which is expected to be ready to welcome students in early 2018, the design of the facility is near completion.

"It is looking really good," said Champagne. "That (design) is getting tweaked now and we are hoping we can have something we can show to the public before Christmas."

The new school is being built adjacent to the existing school building. The site-testing process has already begun in order for

SPERD to avoid a similar scenario to what happened with the Two Hills School.

The construction process in Two Hills, which began in April 2013, has been slowed down tremendously due to the discovery of an artesian water well and low levels of methane gas at the site.

Effect of Alberta budget

This was the first board of trustees meeting held since the Alberta Government unveiled its budget on Oct. 27.

Champagne said there was "not a whole lot of new information for the 2015-2016 school year" as the necessary information the school board needed to craft its budget for this year was delivered back in June.

He added that this provincial budget had hints of funding for future years for things like school nutrition programs and classroom supports but details have not been announced as of yet.

SPERD to apply for health and wellness grant

Glen Brodziak, the superintendent of SPERD, told the board that the school division is aiming to receive

between \$50,000 to \$60,000 of funding from the Alberta Healthy School Community Wellness Fund.

For the past two school years, SPERD has received \$50,000 from this fund.

"We have put the directive to our schools that each year, you will move towards healthier eating," said Brodziak.

Brodziak said each school "is at a different place" in realizing this objective but he is "excited" with the progress that has been made.

It has not been set in stone as to what initiatives the division schools will be undertaking to move the needle towards being healthier.

In an email to the *St. Paul Journal*, Brodziak outlined the various healthy eating projects that SPERD schools participated last school year. Those include reviewing and overhauling foods offered in vending machines, indoor gardening to provide green lunch options, education displays that highlight healthy eating and living, providing quality physical education instruction and encouraging student-led healthy living and eating initiatives.

NOTICE OF ANNUAL MEETING

OF THE MEMBERS
OF ST. PAUL
MUNICIPAL SEED
CLEANING
ASSOC. LTD.

Tuesday, December 1, 2015

St. Paul Municipal Seed
Cleaning Plant

at 7:30 pm

NOTICE IS HEREBY GIVEN that an Annual Meeting of the Members of St. Paul Municipal Seed Cleaning Association Ltd. will be held at the St. Paul Municipal Seed Plant at St. Paul, in the Province of Alberta, on Tuesday, the 1st day of December, 2015 at 7:30 pm for the following purposes:

1. To receive the financial statements of the Association for the financial year end;
2. To elect Directors of the Association;
3. To appoint an Auditor of the Association;
4. To amend or accept amendments of Bylaws
5. To transact such other business, if any, as may properly come before the meeting.

Extravaganza's here! See Pages 5 to 7 for details!

Lengthy agenda for Elk Point town council

VICKI BROOKER
Review Staff

Elk Point town council dealt with a lengthy agenda last week, which began with the swearing in of new Deputy Mayor Debra McQuinn.

Next in the lineup was a request from Canadian Natural Resources for any input or concerns regarding the final reclamation of a well site located behind the new phase of the industrial park. Public Works representatives visited the site recently finding that it was now in crop, and saw no reason for concern, to which council agreed and will advise CNRL.

Council moved to support a joint application with the County of St. Paul and Town of St. Paul for an Alberta County Partnership grant that would be used toward a Regional Occupational Health and Safety plan project, with the Town of St. Paul submitting the application.

Policies and procedures

Two new policies, along with procedures to be followed for each, were approved by council at the Nov. 9 meeting, the first dealing with employees working alone or in isolation and the second dealing with the return of development performance deposits.

Job descriptions

A long lineup of job descriptions were also brought to council for their approval. Seven of these were for the Public Works and Utilities department, and according to CAO Ken Gwozdz, would "give the staff room to grow" in capability. One description was for a utility operator, a position that will not be filled until the town's assessment increases tax revenues, paving the way for an increase in staff.

Five descriptions were for town office administration positions, both current and future, that Gwozdz and his staff feel will result in a more efficient workflow.

Staff of both depart-

ments had input into the job descriptions, Gwozdz told council.

Fibre Optics

Council discussed the addition of fibre optics to the town administrative building, but will not take steps in that direction at this time. The building's electrical wiring and lack of outlets was deemed to be more of an issue at the current time, and council felt top priority would be to replace the electrical service and to move the computer server within the building. "The older building and new technology are not compatible," Gwozdz remarked. He was asked to obtain a quote on the electrical work for the upcoming budget meeting. The information regarding the fibre optics will be filed for information.

Unsafe traffic

A resident of Fort George Manor asked the town to consider the installation of a speed bump to slow down traffic in the lane behind that facility, as residents must back into the lane from their parking slots and cannot see traffic coming from the east because of the facility's maintenance area. While council felt a speed bump might also pose a danger, they felt that signage might work and planned to take the matter to the Public Works meeting.

Debit/credit machine

Gwozdz presented council with the results of his research into obtaining a debit/credit terminal for the town office. After studying the options, council agreed to direct the administration to enter into a rental contract for a wired unit. This will allow ratepayers and utility customers to pay bills at the office with their debit or credit cards, with no transaction fee for used of a debit card and a 1.64 per cent surcharge for the use of credit cards.

Loan guarantee

A new bylaw was required for the town's loan guarantee for Elk Point Allied Arts Society, guaranteeing half of the

society's loan. Council passed all three readings to approve the bylaw.

Proposal approved

Council approved a proposal from ATCO Electric for installation of a power distribution system to 14 new residential lots and four streetlights at a cost of \$91,461 plus GST, and to install the streetlights at a cost of \$33,573 plus GST.

Library Board

Council approved the appointment of Coral Kratchmer to the Elk Point Municipal Library Board.

Chamber of commerce

Council was in receipt of four letters from the Elk Point and District Chamber of Commerce. The first asked the town to reimburse the chamber for costs incurred to reduce the number of phone lines at the Elk Point Visitor Information EcoCentre to reduce the cost to the town for telephone an Internet service. This request was turned down because the town had not asked for the work to be done.

The second letter dealt with the town's installation of two light fixtures in the area of the snowmobile cabin and staging area, and noted that the lights are very inefficient, consuming 713 kilowatts between Sept. 29 and Oct. 27, which at seven cents per kilowatt totaled \$49.91 of power supplied by the EcoCentre. The third noted that one of two solar lights installed by the sign east of the EcoCentre earlier this year was casting a shadow on the EcoCentre's solar collector panels for a portion of the day and reducing its efficiency. These letters were referred to the Public Works committee for further study.

The final letter was a proposal to enter into a rental agreement with the town for the two offices currently housing the FCSS, rather than the lease originally requested. The proposal was discussed later in the evening when council went in camera, and the

drafting of a rental agreement was later approved.

Taxes outstanding

The town is still waiting for the payment of \$308,033.55 in outstanding taxes, \$211,839.04 of them from the current year, an amount that Gwozdz says is "more than in other years," likely due to the downturn in the economy. Ratepayers have until Dec. 31 to pay the amount owing without incurring further penalties.

He also reported that the town is "doing really well at holding the line" on expenditures.

NEW DEPUTY MAYOR Debra McQuinn was congratulated on her new appointment by Mayor Parrish Tung.

EDITORIAL

Hometown heroism

With the memories of war dusted off for another year, and much deserved honour paid to those who served and still serve our country in the military, we may now turn our thoughts to the future, including the future of our community.

Our community is suffering from the downturn in the economy and the major cutbacks in the oil industry. This year, much more than in more prosperous years past, we need to make sure that our community helps its residents to survive hard times as much as we can, given the resources we have to share.

This may mean donating to the local food pantry and Santas Anonymous, to make sure that everyone has food on their table this Christmas, and that every child has a gift to open on Dec. 25.

Individuals are not the only ones to suffer, businesses are also feeling the pinch, and would appreciate our business more than ever. Please shop at home first, and enjoy the friendly service our merchants provide as a bonus with every purchase.

Be a hometown hero - shop local this Christmas.

RECREATION CORNER

Find Passwords, win the Cash at Extravaganza

JENA COLBOURNE
Recreation Director

The Town of Elk Point's Recreation Department is very pleased to announce an exciting new contest for everyone planning on attending Extravaganza! Password to Cash - It's simple: at every Extravaganza attraction there will be a password. Write the password down, snap a pic on your phone, whatever- just collect all 15 password codes. Email them to recreation@elk-point.ca and include your contact info - like a phone number.

The person with the most correct codes will win \$250! Right before Christmas! That's awesome! But that's not all, the person with the second most correct wins \$150 and third \$100! Talk about a Christmas Bonus, right!?!

In the case of a tie, the winners will be determined by a draw.

You have until midnight on Sunday, .Nov. 29 to enter, the winner will be announced Dec. 1.

In other contest news, get those Christmas lights out of the boxes, the Chamber of Commerce and Rec Department are teaming up for this year's Christmas Lighting and Decorating contest! More cash prizes right before Christmas- gotta love this town! More details on that to come soon.

Back it up to Extravaganza for a minute - this year, things are a little different. First of all, the event is held on a Saturday. Second, it'll be in the afternoon from 12-7- don't worry, favourites like the parade and fireworks are still happening. Third, the event is a little earlier in the year then previous years, on the 21st.

There's a few reasons for the move, it'll be warmer and times are better for outdoor activities. Which there will be a lot of, including dog sled rides and turkey tosses!

Hope to see the whole town out for the magical event.

If you don't already like us on Facebook - head over there for more events, news and information on Elk Point.

Way Back When...

Positive attitude, grassroots input, memories of war

HERE'S THE NEWS THAT MADE THE HEADLINES OF THE LAKELAND REVIEW AND ELK POINT REVIEW FOR THE WEEK OF NOV. 17 IN....

1985

Jan Slywka was presented with a Positive Attitude trophy by Elk Point Chamber of Commerce president Murray Harper at the Canada Career Week breakfast in St. Paul after she and Jules Van Brabant were chosen from a field of 16 nominees. Dome Petroleum was surprised and happy to be granted approval on two applications to the Energy Resources Conservation Board after one two and a half days of hearings.

1990

Member of Parliament Deborah Grey was in her home town of Heinsburg to bring the latest world from Ottawa to her constituents and to get grassroots input on their reaction to the effect the implementation of GST would make on local businesses. Fire chief Bill Marceniuk and firefighter Doug Lee visited town council to make them aware of an urgent need for five or six more volunteer firefighters to bring the department up to speed, with people who work in town during the day especially needed.

1995

Town council approved a one-year ambulance contract that would lower the monthly minimum figure over which a subsidy would be paid to \$6,500 and raised the maximum at which the subsidy would be paid to \$12,500. Pan Canadian Petroleum was planning a drilling program of over 200 new wells, many of them in the Frog Lake area, announced at open houses in Heinsburg and at King George Hall,

2000

Memories of war touched every heart as a shivering crowd banked the Royal Canadian Legion cenotaph with poppy-laden wreaths on Remembrance Day. RCMP Sgt. Lyle Marianchuk told the Community Advisory Policing Committee that it was "the responsibility of the entire community to come up with

solutions to community problems" such as illegal parking, illegal turns into angle parking and school zone speeding.

2005

Elk Point Royal Canadian Legion Branch #151 was gone but not forgotten. MLA Ray Danyluk presented its most steadfast member, Gene Russell with a framed Alberta Centennial gold medal commemorating the Elk Point Branch and acknowledging the contribution of Alberta's veterans and their service in the past.

F. G. Miller High School students also paid tribute to those who have served in Canada's armed forces, with their multi-media journey of remembrance.

2010

The newly reconfigured town council created their first-ever cemetery bylaw and reviewed the key aspects of existing bylaws regulating off-highway vehicle use and noise to make sure they were still pertinent. A sunny day brought out a near capacity crowd for Elk Point's Remembrance Day ceremonies, where Mae Hendrickson laid a wreath on behalf of the mothers of servicemen and women.

Extravaganza all set!

It may be 38 sleeps until Christmas, but the lights are bright on the Visitor Information EcoCentre and the trio of tall spruce to its east are all decked out like... you guessed it! Christmas trees!

VICKI BROOKER
Review Staff

The reason that it's beginning to look a lot like Christmas around here is that this Saturday is the date of the new and improved Christmas Extravaganza, which is not only a week earlier than usual, but is taking place on Saturday afternoon instead of Friday night for the first time ever.

You'll have time to take in all the activities, roast hot dogs, enjoy award-winning soup, snap ups some great deals while you do some early Christmas shopping, watch the parade and the fireworks, and still have lots of time to head up to the A. G. Ross Arena and get a good seat to watch the Elks take on Dewberry Mustangs.

The day starts off with the first of two sessions of Photos with Santa, from 11 a.m. until 1 p.m. at Prairie EMS ambulance bay. Santa's going to take a break to check on his toyshop crew, but he'll be back for another session from 4 to 6 p.m.

(Continued on Page 6)

EXTRAVAGANZA COMMITTEE members (left to right) Leanne Gilbert, Deena Smith and Maria Cueva admire the newly lighted trees that are all dressed up for Extravaganza.

(Continued from Page 5)

Starting at noon, Prairie Tech's tractor-drawn wagon rides will start touring the town, starting off from the EcoCentre. The Hotshot Hockey Hole starts at the same time, same place, and goes until 2 p.m., and down the street at Guardian Drugs, the youngsters can get their faces decorated for the occasion with a sparkle tattoo.

At 1 p.m., come on down to the EcoCentre and roast yourself a hot dog, if you haven't already been to the Empress Restaurant to enjoy turkey and all the trimmings. There's time to enjoy both, because the wiener roast goes until 5 p.m. and the turkey dinner until 7 p.m. If you're over 18, and thirsty, there's an outdoor beverage garden by the Elk Point TrailRiders snowmobile club cabin.

Make sure to drop by RONA, where the kids can decorate cookies provided by Golden Loaf Bakery and where the adults can compete in the first-ever Extravaganza Soup Cook-Off until 3 p.m. Don't be surprised if a group of strolling carolers, who are touring all the events, stop in to sing a few favourites while

you're there.

One of the day's major attractions will also start at 1 p.m., weather permitting – dogsled rides on a fenced oval track, west of the EcoCentre, until 5 p.m. Snow shoe races on Main Street are also on the schedule, from 1 to 5 p.m.

And no, you don't have to toss a turkey to win one in the Turkey Toss – it's a curling rock, and instead of tossing it, you'll be sliding it down the ice, at Elk Point Curling Club if the weather doesn't cooperate with outdoor ice making in time for the 3 p.m. session.

Dusk falls earlier these days, and local business-

es and organizations are invited to come light up the night in the Winter Wonderland Parade, with lineup at 5:30 p.m. on Railway Ave. west of Main Street ready for the parade to start at 6 p.m. After the parade, it will be only a short wait before the Fireworks Finale at 7 p.m.

And don't forget, while you're checking out all the fun, to look for the codes at each attraction and enter the Elk Point Recreation Department's great new contest, Extravaganza Password to Cash. See Jena Colbourne's Recreation column on Page 4 for details!

The lights go up, and up, and up!

Remembrance

(Continued from Front Page)

Town.Coun. Bernice Capjack spoke on behalf of Town Council, thanking everyone for attending the ceremony, including many youngsters who will hopefully carry the torch of remembrance in coming years.

"We all need to remember those who gave their all, and those who came back knowing that they had to live with what they saw. We have to continue to make young people understand the sacrifices made, and that we must never forget why they made them, this day and every day."

County of St. Paul Coun. Dwight Dach said it was "a day for all

Canadians to remember the contribution our veterans have made and to honour those who made the ultimate sacrifice on behalf of Canada, so that we may live in a country free from tyranny and to be governed by freedom, democracy and justice. By keeping their memory alive, we show our patriotism and respect to the valiant men and women from the past and present who so gallantly served and serve our great nation. They truly embodied the love for our country, Canada. We owe them a tremendous debt. Let us pay tribute to the patriotic men and women who served and serve this country selflessly, and

who every day make sacrifices in hope that we can live in peace."

Master Warrant Officer Michael Bevington of 4-Wing, Cold Lake was the guest speaker and said he is proud to have served both at home and abroad, assisting with the Red River flood and a number of search and rescue missions on the home front, and taking part in relief aid missions in Africa, as well as tours of duty in Afghanistan, Libya and serving with the squadron against ISIS.

In the past, "ordinary Canadians did extraordinary things and made sacrifices around the world. Their sacrifices and suffering have kept our country strong and free. We join the effort toward a secure world and to provide a secure future, and are willing to die for our country. 'Service Before Self' is our motto."

In World War I, one in every 10 Canadians who served was killed, and one in four was wounded, he noted, "and two decades later two million Canadians served in World War II, involved in battles including the Battle of Britain, 75 years ago." Hundreds were killed in the Korean War of the 1950s. In more recent times, 40,000 Canadians have served in Afghanistan, where 158 died in 12 years, and today, Canadians are involved in Operation Impact and Operation Reassurance.

"We continue to put 'Service Before Self,' to keep our eyes on the air, sea and land. As the last of the World War II veterans pass away, a new kind of veteran is emerging. Let them know you appreciate their service and sacrifice, 'Lest We Forget.'"

The morning ended with Colbourne's prayer for peace, and her words of thanks to the Town of Elk Point, the Pioneer Circle Seniors for the use of their facility and their preparation and serving of lunch, and to the St. Paul Legion for taking part in the ceremonies.

A NEW GENERATION REMEMBERS - a group of seven Elk Point 4-H Multi Club members came forward to place a wreath at the cenotaph on Remembrance Day.

IN FLANDERS FIELDS was recited by Wyatt Pavoll and 'We Shall Keep the Faith' by Paige Skarsen as they joined MC Jena Colbourne at the podium.

SONG FOR THE SOLDIERS - Brooke Yaremchuk saluted the military with "Traveling Soldier" by the Dixie Chicks.

PROUD VETERAN - Ron Fraess saluted the flag after placing the St. Paul Royal Canadian Legion wreath at the cenotaph.

"We will remember them..."

Pair of 10-2 wins for Elks

VICKI BROOKER
Review Staff

Joly and Letestu, gave the Elks a 5-2 lead by the end of the period.

Elk Point Elks are sitting second in the SaskAlta Hockey League, after back-to-back wins on the road this weekend, both of them with a 10-2 final score.

On Friday night in Paradise Hill, the hometown Hawks were first on the scoreboard with an early lead that lasted until the final minute of the period, when Myles Whitford scored off assists by Devin Moneta and Jordyn Wozniak.

Matthew Boulianne scored his first of the evening early in the second, assisted by Sean Joly and Lee Letestu, with the Hawks evening the score a minute and 36 seconds later. That tie lasted less than a minute, before Letestu hit the mark off an assist by Boulianne for a lead that just kept increasing through the rest of the game. Whitford, assisted by Chevy Botting and Jason Kalynchuk, and Boulianne, assisted once again by

The final frame brought more of the same, starting with a power play goal by Botting off Kalynchuk and Whitford, followed by Boulianne's hat trick marker, assisted by Joly, with that duo also combining talents for the Elks' eighth goal, this time with Joly scoring on a power play. He also scored the next goal, with the help of Derek West, while Joel Miller scored goal number 10 on yet another power play, assisted by Dyson Karbashewski and Craig Dallaire.

Saturday night found the Elks closer to home, at Paradise Valley, where they scored another 10-2 win over the Jets.

Four unanswered Elks goals came in the first period, Mark Brodwin assisted by Whitford, Kalynchuk assisted by Wozniak and Letestu, Corey Hunter assisted by Botting and Brodwin and Whitford's power play assisted by Brodwin.

(Continued on Page 11)

OBITUARY

QUINNEY, Norman C.

WHY WE DO IT - Piper Babcock explains the significance and history of The Last Post to the students, while (front row) Carson Mackenzie and Sydnee Crawford wait to explain the two minutes of silence and Reveille at the beginning of Tuesday's special assembly. Avery and Kobe Warawa (back row) did their part later in the program.

A WREATH FILLED WITH POPPIES - has room for two more as Elk Point Elementary's youngest students add their floral contribution to the Remembrance Day wreath

Students

(Continued from Front Page)

Avery Warawa presented a reading, "The Flowers of Remembrance," followed by the song, "Let There Be Peace on Earth" by all the students and a reading on the life of soldier, physician and poet John McCrae by Kobe Warawa. A touching video presentation of McCrae's poem, 'In Flanders Fields' and a video tribute to the Canadian Forces, accompanied by Sarah McLaughlin's song, 'I Will Remember You' followed, before Roche reminded the students and guests, "They need nothing more than for us to remember their sacrifices," and closed the program by reciting the Act of Remembrance:

'They grow not old, as we that are left grow old,

AVERY WARAWA presented a reading, "the Flowers of Remembrance" which told why poppies are the flower symbolic of Remembrance Day.

KOBE WARAWA told the story of John McCrae, soldier, physician and poet. who wrote "In Flanders Fields.'

"Age does not weary them, nor the years condemn.
"At the going down of the sun, and in the morning,
"We will remember them; We will remember them."

PUBLIC NOTICE TO ELECTORS OF THE COUNTY OF ST. PAUL NO. 19, PROVINCE OF ALBERTA

Section 251 of the Municipal Government Act

TAKE NOTICE that the Council of the County of St. Paul No. 19, in the Province of Alberta, has given first reading to Borrowing Bylaw No. 2015-27 which will, upon final passage and approval authorize the proper officers of the said County to borrow monies from the Alberta Capital Finance Authority or another authorized Financial Institution, by way of debenture issue to finance the project that brings water supply to the Hamlets of Ashmont and Lottie Lake.

The total cost of the aforesaid project amounts to \$9,931,002. After deducting from this cost the amount of \$8,967,801 to be paid by provincial grant funding, the net amount to be borrowed on the credit and security of the municipality at large by the issue of debentures is \$963,201. The debentures are to be repayable to the Alberta Capital Finance Authority or other authorized Financial Institution, by way of semi-annual or annual equal payments of combined principal and interest installments not to exceed thirty (30) years calculated at a rate not exceeding the interest rate fixed by the Alberta Capital Finance Authority or another authorized financial institution on the date of borrowing, and not to exceed eight (8) percent;

NOW THEREFORE NOTICE is hereby given by the Council of the County of St. Paul that, unless a petition of the electors for a vote on Bylaw No. 2015-27 is demanded, as provided for by the terms of Section 231 of the Municipal Government Act, the said Council may pass the said Borrowing Bylaw.

All persons interested are hereby notified and they are required to govern themselves accordingly.

DATED at the Town of St. Paul, in the Province of Alberta, this 17th day of November, 2015.
Sheila Kitz, CLGM
Chief Administrative Officer

INFORMATION OF ELECTORS

Pursuant to Section 1(i) of the Municipal Government Act an "elector" means:

A person who is eligible to vote in the election for a councillor under the Local Authorities Election Act.

Pursuant to Section 47(1) of the Local Authorities Election Act a person is eligible to vote in an election if he:

1. is at least 18 years old
2. is a Canadian citizen, and
3. has resided in Alberta for the 6 consecutive months immediately preceding election day and is resident in the area on election day.

A poll may be demanded in the County of St. Paul by electors equal in number to at least:

1. in the case of a municipality other than a summer village, by electors of the municipality equal in number to at least 10% of the population and
2. in the case of a summer village, by 10% of the electors of the summer village.

In accordance with the provisions of section 223 of the Municipal Government Act and in accordance with the provisions of section 251 of the Municipal Government Act.

The petition for a vote must be received by the Chief Administrative Officer within 15 days of the last publication of this notice and shall contain on each page "an accurate and identical statement of the purpose of the petition". (Further requirements of the petition are provided in section 224 of the Municipal Government Act.)

DATE of the last publication of this notice is the 24th day of November, 2015.

PUBLIC NOTICE TO ELECTORS OF THE COUNTY OF ST. PAUL NO. 19, PROVINCE OF ALBERTA

Section 251 of the Municipal Government Act

TAKE NOTICE that the Council of the County of St. Paul No. 19, in the Province of Alberta, has given first reading to Borrowing Bylaw No. 2015-28 which will, upon final passage and approval authorize the proper officers of the said County to borrow monies from the Alberta Capital Finance Authority or another authorized Financial Institution, by way of debenture issue to finance the construction of a Lagoon for the Hamlet of Ashmont and a wastewater transfer station.

The total cost of the aforesaid project amounts to \$5,150,000. After deducting from this cost the amount of \$1,716,666 to be paid by federal funding, \$1,716,666 to be paid by provincial funding, \$175,000 to be paid by the County of Two Hills the net amount to be borrowed on the credit and security of the municipality at large by the issue of debentures is \$1,541,668. The debentures are to be repayable to the Alberta Capital Finance Authority or other authorized Financial Institution, by way of semi-annual or annual equal payments of combined principal and interest installments not to exceed twenty (20) years calculated at a rate not exceeding the interest rate fixed by the Alberta Capital Finance Authority or another authorized financial institution on the date of borrowing, and not to exceed eight (8) percent;

NOW THEREFORE NOTICE is hereby given by the Council of the County of St. Paul that, unless a petition of the electors for a vote on Bylaw No. 2015-28 is demanded, as provided for by the terms of Section 231 of the Municipal Government Act, the said Council may pass the said Borrowing Bylaw

All persons interested are hereby notified and they are required to govern themselves accordingly.

Another busy week for minor hockey teams

Sometimes we need to stop and remember how lucky we are to live in this country with our freedom. I doubt if we would even be playing hockey if it wasn't for our veterans and especially now with the world all messed up.

The **Bantam Avalanche** played a rare Wednesday afternoon

doug
BASSETT

Review Sports

matinee game at home against St. Paul this past week. The kids were out of school on Wednesday to honor the veterans, the game not starting until well after the Remembrance Day ceremonies had finished. The bantam team has only 10 skaters signed up this year and dropped down to only nine skaters in the third period when Angus McFarlane was hurt and left the game. Early reports are he is out with a concussion; the team will definitely miss his gritty play. Talented Nicholas "Sparky" Anderson scoring all four of the Avalanche goals, Hayden "Hot Wheels" Ludlage getting in the corners and digging out the puck, he's on the game sheet with two assists, the big rushing D-man Bradley Canning with two assists, Angus assisting on one before he had to leave the game, the Avalanche keeping the game within one goal for 50 minutes; it was only in the last ten minutes that the Canadiens took a decisive lead, the final score 7 to 4. The lone girl in the lineup "Raging Paige" Henderson on the defensive line took some mean hits from the boys, but she took her medicine, got back up

and dished some out as well. Goalie Colton' Colt 45' VanMaarion was very solid between the pipes and held the fort as long as he could until the Canadiens crashed the crease in the last five minutes when the boys finally powered out.

On Sunday with the skeleton crew of bantams traveled to Boyle, winning big time 17 to 6. Wolke "Wolfman" Cueva, Dylan "the Destroyer" Ference and Chase Dorey with a few goals each, "Silent Sam" Henderson and "Hammering Hank" Rogal with a couple of the assists.

Friday the 13th was anything but unlucky for the **Midget Avalanche**; they trounced the visiting Frog Lake T Birds 12 to 2. In fact you could say it turned into a nightmare on 51 St. for the T Birds. Defenseman "Tricky Nick" Tucker with a goal and three assists, and everyone else on the team contributed in some way, either goals, assists, body checks or defensive plays. On Saturday night the midgets were home again and continued their winning ways defeating the Lac La Biche Clippers by the same 12 to 2 score. This game was a whole lot closer than the score would indicate and the boys really only started to rack up the goals late in the second period and into the third; up to that point it was anyone's game to have. The crafty shooter "Awesome Alex" Hunter with four goals and a couple of assists, the

rugged Odgaard brothers "Dead Eye" Dylan with two goals, his little brother, or I should say younger and bigger, the "Big O" with a single, "Warrior Warren" Ference with two goals, his brother "Captain Big Crunch" Carson with three of the assists. Christian "Wheels" Castle-Wasson wheeling down the wing with a assist. Never poke a bear, he may wake up and hurt you. Cameron "Bear" Baird sitting on the edge of the cage poking one in, Spark plug Austin "Astro" Axley with one, Austin "Ozzie" Stafford with a couple of assists and some really aggressive fore-checking. And speaking of fore-checking; speedy number four, Chad "Pick Pocket" Poetries is becoming a real force on the fore-check! He was parked right out in front with his stick down, getting a nice one-timer for his first goal of the season, he also had a couple of assists the night before against the T Birds. "Grinder" Cyle Graus not getting any points on the score sheet, but he gets plenty of them in my books, same old story -- no glory for the D-men! On Sunday the midgets traveled to Provost, the game ended in a 3-all tie, the boys tied the game with only 18 seconds left. "Dead Eye" Dylan scoring the tying goal, "Astro", and Warren "Night Shift" Plunkie also scoring.

Another record crowd of relatives was watching Saturday morning when the **Micro Novice** faced off against the St. Paul Canadiens. Braylee "B J" Lesyk with a hat trick, Riley Bourne going

end to end with his first one, Thomas Melnyk with an assist. Trace Morgan with an assist and he did a awesome job of blocking shots. Brendan Kadutski is also playing very good on the blue line. Jaxon Marcoux doing a great job of forechecking. His father Jason was also a strong player, he starting playing in Elk Point with my son Jordan, then moved to Mallaig and we battled against him every year for the league and provincials.

"Good Time Charlie" Lesyk had a rough start in his goaltending debut for the **Novice** team on Saturday morning against Mallaig. The very first shot on net going in, but its a real good thing the coaches didn't give him the hook, because he totally shut the door after the first two periods, allowing only one goal in the final 20 minutes and the Avalanche answering with three in the third, the final score a respectable 7 to 4 for Mallaig. Defenseman Brendan "Blue Line" Haesch-Baker doing a Bobby Orr, going coast to coast to score two goals, "Hurricane Kayl" Warawa looks like the rabbit on a race track when the other team chases her, she stormed the net with one. "Top Gunner" Crawford is getting really strong at winning the face offs, setting his sights; he blasted one into the twine. Evett Smereka looking stronger skating every week; his father, assistant coach Tim celebrating a birthday yesterday, Kaydyn Bourne and Trysten Sakowski causing some turnovers in the neutral zone.

for more information.**Hockey**

(Continued from Page 10)

The **Atom No. 2** team faced off
against the top team in the league from
Bonnyville on Saturday here at home.
Keeping the game very close for the first
20 minutes, the score only 2 to 0 at that
point, but the Pontiacs came out firing
on all cylinders in the second and third
periods, the Avalanche never once threw
in the towel but really struggling to keep
pace with a short bench. The only tally
for the Avalanche coming from center-
ice man Cash "CC" Capjack who has
up to this point played most of his minor
hockey as a defenseman and it really
shows when he is back checking and
picking up a man in front of the net.**Peewee** coaches Marty Bedizen and
Tyson Stafford already have one banner
hanging in the rafters as last year's North
East League champions and wouldn't it
be nice to put up another one this year?
From what I saw it could happen, the
Peewee Avalanche defeating Mallaig 7
to 4 on Saturday. Big power winger
"Danny Boy" Cardinal with two goals,
Jade "Jet Stream" Van Marion leaving a
trail of smoke with one, slick center man
"King Cole" Bendixen with one, set up
man "Lightning Liam" Ludlage with a
goal and three helpers, Charlie "Angel"
Rogal with one goal, one assist and one
trip to the sin bin Jake "The Stafford
Streak" playing a very defensive game
going on the odd rush with one assist,
his sidekick Evan "Batman" Ockerman
with a goal. Rookie defense woman
Jadey "The Lady" Capjack really doing aterrific job of angling the shooters to the
outside, she's rarely out of position and
did a couple of nice poke checks when
she was the only man back.... or I should
say, "Lady"! "Sexy Slader" Hardcastle
was outstanding in goal. And what about
Odin "The Wall" Smith, he's getting big-
ger and better every day... and if he
doesn't stop growing I don't think they
will find equipment for him ... his proud
grandfather Ron, who was at most of
the games, is celebrating his birthday
today. On Sunday the Peewees traveled
to Bonnyville, winning over their tier one
team 7 to 6. "Danny Boy" Cardinal and
Dallas "Cowboy" Bristow with goals, the
"Lady" Jadey with an assist.Strange how momentum can
change; the **Atom No. 1** team, after
being down by 9 to 3 after two periods to
Mallaig on Sunday, came out in the third
and made a contest of it, scoring three
goals and allowing only one, the final
a respectable 10 to 6. Too little too late,
but better to be late than never. "King
Kong Konnor" Poitras with a hat trick,
Sam "Spiderman" Rogal, "Bazooka
Joe" Cardinal and Vaughn "the Vulture"
Ockerman with the goals. A great game
by little novice-aged Gavin "Giver"
Kadutski, and his big defensive partner
Dean "the Machine" Ockerman.Coach Glenn Hladunewich wasn't
very happy with the **Peewee Girls** efforts
last Sunday against Vermilion; so this
past week at practice they were given
a good old fashioned bag skate and as
harsh as this may seem, the girls really
responded to his message and came out
this past Sunday tearing up the ice, giv-ing 100 per cent effort on every shift and
it paid off, the Storm winning their very
first game of the year 3 to 1. Down by
one goal in the second period, hard nosed
Jelena "Prime Time" Parr scored on the
power play with a wrist shot from the
point getting through the traffic and find-
ing the back of the net. Then it was Jenna
"Precious" Poitras who scored with only
31 seconds left in the second period to
give the Storm the 2 to 1 lead going
into the third. Halle "Comet" Stybel
was a force to be reckoned with, she
assisted on the goal. Out shot but never
out played, the Storm held the lead for
most of the third period. Goalie Heaven
Colbourne, who has come a long way in
a very short time, facing 40 shots in the
end including a wide open break-away in
the second and then even had to stop a
penalty shot late in the third. Maybe she
was lucky on some of them but there's no
way you can be lucky 40 times. Finally,
with three minutes left in the game Paula
Hladunewich would put this one to
bed, scoring on a break away assisted
by "Precious." to give the girls a little
breathing room. Ashley Hunter. Chloe
Bendixen, and Alayna Hladunewich are
only a few who we will mention today,
but the whole team should be recognized
for their awesome work ethic.And now for the K A. Campbell quote
of the week. "Ability is what you're
capable of doing. Motivation determines
what you do. Attitude determines how
well you do it." Last week's answer
to: "Everyone talks about age, but it's
not about age. It's about work ethic.
Winning never gets old." - Lisa Leslie**Elks**

(Continued from Page 8)

The first Jets goal of the night,
early in the second period, was quickly
answered by Letestu, in a power play off
an assist by Boulianne. Karbaszewski,
assisted by Miller, and Botting, assisted
by Whitford and Kalynchuk, kept the
Elks increasing the margin before the
Jets added a second toward the end of
the period to make it 7-2 in the Elks'
favour.The Elks would add three more in
the second half of the third. Derek
West scored off an assist by Miller,
Kalynchuk had helpers from Botting and
Wozniak and Letestu scored unassisted
with 26 seconds left on the clock, while
Evan Joly in goal kept the Jets clear of
their target.This week, the Elks are at home to
the league's third place Wainwright
Rustlers on Friday night and the
Dewberry Mustangs on Saturday night,
right after the Extravaganza fireworks.**You'll be

COUNTY OF ST. PAUL No. 19

HIGHLIGHTS

November 10, 2015
Council Meeting

Penalty on Property Taxes – Reminder that a ten percent (10%) penalty will be applied to all current property taxes remaining unpaid after November 30th.

Emergency Management - Do you want to be ALERTED in the case of an Emergency? – The Town and County of St. Paul, Town of Elk Point and SV of Horseshoe Bay have a Notification/Alert system that can be used to notify residents of life threatening events such as a tornado warnings, severe winter storms or watches in our area. However, in order to receive notifications, residents must register through www.stpaul.ca. If you require assistance to register or additional information, contact the County office at 780-645-3301.

Planning and Development – Following a public hearing, Council approved Bylaw No. 2015-26 to include (b and c) under Section 7.30(1) of the LUB. The amendment allows the installation and operation of a disposal field or treatment mound as solids dictate on the SE 24-59-11-W4 (Westcove Municipal Park) and Lot OT, Plan 5183JY (Floatingstone Municipal Park). The private disposal systems will meet the requirements of the Alberta Private Sewage Systems Standard of Practice Regulation (2009) as amended from time to time.

Council also approved Bylaw No. 2015-19 to license the road allowance located between SW 27 and SE 28-57-10-W4. The bylaw permits the licensee to erect a gate across the road allowance, however public access will be preserved at all times.

ACP Grant – Regional Occupational Health & Safety Plan – The County of St. Paul will be partnering with the Town of St. Paul and the Town of Elk Point on an Alberta Community Partnership (ACP) Grant for a Regional Occupational Health & Safety Plan project. The Town of St. Paul will be the managing partner.

Engineers for Ashmont Lagoon & Joint Waste Water Transfer Station – Urban Systems was awarded the tender for the Ashmont Lagoon & Joint Waste Water Transfer Station.

Moosehills Slide – In September, Council approved emergent repairs to be completed by Shamrock Valley Enterprises on the Moosehills Road for surface and subsurface water mitigation in accordance with the Interim Data Report and Preliminary Assessment prepared by AMEC Foster Wheeler. After the preliminary work was done, it was determined that additional bores were required on the east end of the Moosehills road in order to completely address the surface water. The additional work has been completed and the engineers will continue to monitor the piezometers in the future to determine if the problem has been addressed.

Organizational Meeting – Council members and members-at-large were appointed to various committees to represent the County for a one year term. The list of committee members can be viewed on the website. Council agreed to leave remuneration rates the same as they were in 2015. However, when a meeting per diem paid directly from a board that a Councillor sits on is paid at a lower rate, the County will subsidize the rate so that the Councillor receives the equivalent to the County's meeting rate of \$165.

Funding - \$109,900 MSI Operational Funding distributed to Ag Societies and Community Halls throughout the Municipality
- \$28,500 Mallaig Ag Society for new Playground

When residents clear their driveway and push the snow across the road, they are requested not to leave ridges on the road as this causes safety issues.

Residents who require snow removal from their driveways can purchase flags from the County at the Administration Office, Public Works Shop, or the Town of Elk Point Administration Office. Seniors can have their driveways plowed free of charge, however they require a flag which can be picked up from the County Administration Office or Public Works.
